

Metal

Metal is a collection of porcelain tiles, inspired by brushed steel. Designed with scratched surfaces to imply constant use and the passing of time. The collection is perfect for spaces wanting a modern and cosmopolitan look. It has been particularly popular for bathrooms, living spaces, work rooms and commercial spaces.

TECHNICAL DETAILS

Product: Through Bodied Porcelain Stoneware

Surface Finish: Lappato and Natrual

Manufacturing Standard: BS EN 14411G (full details available on request)

Use: All internal walls and floors

Slip Resistance	Natural
DIN 51130	R10
DIN 51097	Class B

Variation: V2

Actual Size: Please note that these tiles have sharp 90 degree edges for installation with a 2 or 3mm grout joint. The dimensions provided above are exact and therefore the grout joint width should reflect the overall module size when preparing setting out drawings.

Installation: We recommend a solid bed of polymer modified adhesive in accordance with BS5385: Parts 1, 2, 3 and 4. Adhesive and grouts required may vary in relation to the specific nature of the installation, and proposed substrates. Please enquire with our sales department for further information.

Grout Joint: Install with a minimum 3mm joint on floors and 2mm joint on walls.
