

Artwork

Artwork is a great alternative to real marble with a wonderful graphic look. Six illustrative marble designs create a bold effect with a hand drawn feel. Each box of tiles contains a random mix of the patterns to ensure the designs are mixed well.

Artwork is a great way to introduce fun and colour to your wall and floor tiling. Artwork takes its crisp graphic design and bold process colours from 1960's Pop Art. In spite of its art history design influence, Artwork importantly retains a vibrant contemporary edge.
