

C-Plus

C-Plus plain glazed terracotta tiles have a wonderful handmade look. Each tile is unique with tiny differences between each. C-Plus is finished with a choice of matt or gloss glazes, both suitable for wall and floor use. The beauty of this series is that it has a finish unlike industrially produced tiles. The matt glaze gives these tiles a satin smooth surface that is equally at home on the kitchen floor as it is on the shop floor. C-Plus plain tiles are available in a huge range of sizes. From long rectangles for the perfect herringbone to solid floor squares, C-Plus plain tiles can fit into any scheme.
