

Formae

Formae textured tiles build together to make a wall of elegant texture. Three tile forms are the centrepiece of this glazed ceramic tile range. Each form creates a unique look from the quiet Diamond with its gentle folds to the bold Frame with its boldly defined shoulder. Finally, the embossed loops of Oval make a distinctly Art Deco wall finish. Formae textured tiles have a full compliment of ceramic border profiles and tile skirtings. There is even a quarter round pencil to finish the edges of the niche in the shower. No more plastic or metal tile trims. Pair Formae with a marble effect floor to make an elegant contemporary look. In contrast balance the bright gloss of these wall tiles with a wood effect porcelain for a softer luxurious effect.
