

Maison

Maison textured tiles are a classic collection of beautifully detailed ceramic wall tiles. Each piece has a fine translucent crackle glaze. Maison wall tiles have two plain sizes, one square and the other rectangular. These traditional sized tiles have a full set of border mouldings, edge finishes and tile skirting. As a result this series can cover a niche in the shower without the need of a metal or plastic tile trim. In addition, half tiling the wall can be given a perfect finish with the elegant capping tile. The stars of Maison textured tiles are the 3D patterned pieces. Two patterns in deep relief are picked out by the translucent glazes. The patterns can be set and framed as panels on the wall. In contrast the textured patterns make a beautiful feature wall tile.
