

Jungle

Jungle wall tiles bring a touch of tropical charm to wet areas. Perfect for creating a leafy shower retreat or transporting a cloakroom to the equator. This set of three patterned porcelain tiles sit together to make a pattern repeat. A completely random jungle effect is possible because the three designs will repeat into each other in any order. Choose from the green and leafy Tropical or the floral Aggressive options. Aggressive carries with it bright pops of colour in pink and pale blue. Because these tiles effortlessly make a focal point they pair easily with plain finishes. Use them on the wall with a porcelain wood effect on the floor for an easy natural look. For a more graphic statement pair them with a plain porcelain to contrast the pattern.
