

## Maison

Maison has a beautiful crackle glaze that creates depth and texture on these wall tiles. Two relief patterns are the signature pieces of this elegant tile collection. The bold geometric impressions of Pigalle are emphasised by glaze pooling in the pattern while the lighter Marais decor is less formal. Maison is one of our wall tile range that has a full set of finishing pieces available. Capping pieces, quarter rounds and skirting pieces all have the same glazes as the wall tiles to complete any scheme perfectly. So if you are considering a niche in the shower wall, this series can cover it and the edges without the need for a metal or plastic trim.
