

Manufatto

Manufatto is a range of wall tiles, rich with contemporary colour. Available in one size with either a flat or a bevelled surface. This range has great proportion for fitting in a herringbone pattern. The colours in this series are easily paired with our porcelain floor tile ranges. The crisp plain colours make an easy backdrop to any style of kitchen or bathroom fittings. We love this range for the contemporary shades and the simple shape. So if you are looking for colour for the kitchen splash back, these may be the answer. The Manufatto colours are clear and bright, making them an easy choice for any contemporary scheme.
